

## Support when you need it most

Grants and support for Stonewater customers provided by Longleigh

## The opportunity to thrive on your own terms

We're a charity that offers grants and wellbeing support to help Stonewater customers through difficult times and build stronger futures.

Since 2015, we've supported thousands of people facing financial hardship, funded local community projects, and backed research to improve social housing.

We work with housing providers like Stonewater to tackle inequality, improve wellbeing, and open up access to education and work. Each year, we help hundreds of people get the support they need, when they need it most.

### Longleigh's impact

Stuart didn't expect to face financial hardship. But when he did, he reached out for help and found it through Longleigh.

With a grant, he was able to turn his house into a home. He bought a proper bed to support his health, and a cooker to prepare meals. But most importantly, he created a welcoming space where his children could visit and spend time with him. This meant the world to him and gave him peace of mind, lifting a weight off his shoulders.

“

“If you come from having things to having nothing, you really appreciate the good and the bad times.

I just appreciate everything Longleigh have done for me. I wouldn't be where I am now without the help they gave me and it's made a big difference to my life. It's also nice to know there's people out there who want to help.”

# What we can help with

There are six grants available, depending on your situation

## Immediate Resettlement Grants

If you've arrived at a Refuge or Youth Support accommodation, we can help with essential items like clothing and food.

## Critical Incident Grants
